

G20 UPDATE

NEW INFORMATION – May 28, 2010

The Integrated Security Unit (ISU) in charge of G20 security has released new information related to the summit (G20) being planned Toronto on June 26 and 27, 2010. Updated security arrangements, fence locations, transportation details and service disruptions are detailed at this website and number:

www.g8-g20isu.ca

1-888-446-4047

Attached to this flyer is a map of the security boundaries as of May 28, 2010. Only one residential building is behind the security fence. We are aware that many buildings are located right on the boundary. Please check the map and the website for more detail. Residents and workers outside the security perimeter (the orange line on the map) **cannot** register for pass cards.

Travel restrictions will be imposed in the weeks running up to the event and will be most restricted in the week before the summit. TTC, GO Transit, access to Union Station and the Gardiner Expressway will be impacted. On-street and underground parking will also be affected.

PUBLIC MEETING

Councillor Vaughan is working with police and City officials to organize another public information meeting for residents.
